24th December 2025 –5th January2026 CLOSED

6th January 2026 – Children return from Christmas break.

Ready, Steady, Go....

The children have shown a keen interest in cars and ramps. They have been exploring how the cars move faster when the ramps are at different angles. This has also helped the younger children with repeating, 'Ready, steady, go' before letting their cars race.

Under the sea.....

The children showed high levels of engagement as they explored with the shaving foam. They were eager to see the different marks that they could make before covering all of the sea animals so that they were 'hiding'.

Water outdoors.....

With the wet weather well and truly here, the children put on their waterproofs and their welly boots and headed outside. They were so focused on trying to jump in puddle that they made their own giant puddles in the tuff trays.

Beech Class

All things autumnal

The children have been showing a keen interest in all things Autumn. They have spoken about the change in weather and also noticed how it gets dark whilst some of them are still at nursery. They have also been interested in the pumpkins that they have been seeing.

This month they have been making their own pumpkin pattern using gold tee's and hammers. They have then been taking out the insides of the pumpkins before painting them and refilling them.

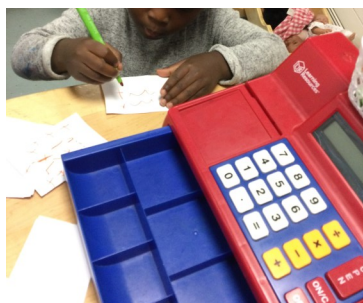

A new Dino.....

The children have been inventing their very own dinosaurs. They have been using playdough as a base and then adding different objects such as googly eyes and ribbon. The children have given their Dinosaurs new names and decided whether they are carnivores or herbivores.

Supermarkets.....

The children have been working in their very own Beech class shop. They have made their own currency using pens and paper and have been working behind the till selling a whole variety of everyday objects.

Firework celebrations..

The children have been looking closely at the celebration of Diwali. They have had discussions about the different things that they all celebrate and what those celebrations look like. After watching a short video the child recreated the Diwali firework display that they saw.
